New restrooms for the men and women are finished and ready for camp. Construction crews, plumbers and painters worked fast and furious to get them done in time for the FAMILY CAMP June Session camp.

CLEAN UP TIME and WORK DAY

June 14th is the next scheduled work day. Ground work, cabin and bathhouse cleaning, and placement of mattresses in cabins are just a few of the jobs assigned for the workday.

Grab a few friends and head for SMC for a few hours. Your help is much needed and very much appreciated.
